DETAILED ACTION

Response to Amendment

The amendment filed on December 20, 2002 has been entered and an action follows.

Drawings

New corrected drawings are required in this application due to poor legibility. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action. The requirement for corrected drawings will not be held in abeyance.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter, which the applicant regards as his invention.

Claims a7, 11-13, 15 and 16 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. With regards to claims 7, 11, 15 and 16, the claims appear to be a catalogue recitation of elements that lack positive recitation of cooperative mechanical interrelationships. For example, with regard to claim 1, it is unclear if the adjustable stop is operatively connected to the workbench or whether how the plurality of locations relates to the

Art Unit: 3725

work surface. All of the claims should be reviewed for proper recitation of critical interrelationships.

Claims 7, 11-13, 15 and 16 would be allowable if re-written to overcome the 35 U.S.C. 112 rejection(s).

Allowable Subject Matter

Claim 25 is allowed.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
